IN RE: Application of Atlas Communications, Ltd. ) ORDER  
for a Certificate of Public Convenience ) DENYING  
and Necessity to Provide Intrastate ) WAIVER  
Telecommunications Services within the )  
State of South Carolina. )

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Atlas Communications, Ltd. (Atlas or the Company) for a waiver of Commission Rule 103-834(A)(3). Atlas had filed an Application for a Certificate of Public Convenience and Necessity to provide intrastate telecommunications services within the State of South Carolina. Contained in the Application was a request that the above Commission rule be waived which required that financial information on the Company be furnished.

The Commission has examined this matter, and believes that financials must be examined on any company wishing to provide telecommunications services in South Carolina before this Commission may grant a Certificate of Public Convenience and Necessity to that company. We therefore believe that the request for waiver of the regulation requiring financials should be denied.
